\*\*This chart is a sample of some of the schools who use Innovative Teaching Solutions as their NCLEX review course. There are many more, but at least this gives you a glimpse of our statistics. We are a solid company since 2008. When you choose to work with us, we go 'all in' and get the job done. We strive to help every student pass the NCLEX on their first attempt. If a student does not pass on their first attempt, we tutor them one-on-one as well as invite them to attend 'live' and online classes.

All students are invited to attend a review as many times as they wish (prior to taking the NCLEX) once they have paid for and attended a class with ITS.
